Forecast For London & Southeast England
Issued by Met Office Exeter
at 1600 on Wednesday 03 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Plenty of dry weather over the next few days.

This Evening and Tonight:
Any showers quickly dying out with clear spells developing, especially further west where a few mist or fog patches will form again, aling with a touch of frost. Breezy further east, especially towards Kent. Minimum temperature 0 deg C (32 deg F).

Thursday:
Mostly dry on Thursday with the best of any brighter spells in the west. Winds easing inland during the day but feeling chilly in the breeze. Maximum temperature 10 deg C (50 deg F).

Outlook for Friday to Sunday:
Mostly dry Friday with sunny spells. Clouding over Saturday with rain and strong winds later. Early rain clearing on Sunday then dry with bright or sunny spells. Wind easing later.
